

KITCHENER AND AIDES PERISH

COLONEL OR NO ONE, ULTIMATUM HURLED BY "MOOSE" LEADER

DEFI FLUNG AT CONSERVATIVES BY RADICALS

Roosevelt May Train Guns In Support of Gen. Wood, Is Reported

CHICAGO, June 6.—Geo. W. Perkins in a statement to Progressive leaders today issued a flat ultimatum that it will be Roosevelt or no one for the nomination so far as the Progressives are concerned.

"We have no second choice. Go to it," said the statement, which concluded:

"Let me remind you that we are not here for the avowed purpose of being against anybody. We are here for somebody. That somebody is Roosevelt."

In part the statement said: "I urge you to bear this in mind in your conversations while in Chicago: the process of tearing down men and things in this country and in the world should stop."

"It is time to be for somebody or for something and begin to build up."

"We have not got it in for anybody or anything."

"We are out for a matchless man for an incomparable cause."

"You know no one else who has such a cause and you know that he is the cause. Therefore we have no second choice."

RADICAL PROGRESSIVES ISSUE CHALLENGE TO CONSERVATIVES

CHICAGO, June 6.—Determined on a program of Roosevelt or no one, radical Progressives today challenged the conservatives. Delegates from eighteen southwestern states headed the movement. Victor Murdock, representing the movement, said: "We will nominate Roosevelt."

FOR "HOME CONSUMPTION," SAYS G. O. P.

CHICAGO, June 6.—The inner circle of Republicans today received Perkins' flat that it would be Roosevelt or no one for the Progressive party, as intended for "home consumption."

T. R. TO BACK GEN. WOOD, NEW YORK REPORT
NEW YORK, June 6.—Theodore Roosevelt will support General Leonard Wood for the Republican nomination if Wood is seriously considered, it is today reported.

According to visitors, Colonel Roosevelt believes that Wood is eminently fitted for the labors of the next president.

It was indicated that Roosevelt will not support Wood immediately, but if the balloting drags and Wood climbs the list, Roosevelt will then hurl his entire strength to the Wood camp in an effort to jam him through.

Roosevelt declined to comment on the Hughes speech.

PLANK FRAMERS TRAIN GUNS ON FOES
CHICAGO, June 6.—Japan's demands on China, which are declared to endanger the "open door" and American prestige in the Orient, may be again a plank in the Republican platform, it became known today.

GEORGE W. PERKINS, the richest man in the Progressive party, who represents Theodore Roosevelt at the Progressive Convention, and Frank Hitchcock, believed to be the Hughes boom manager before the Republican National Convention, are in Chicago. Hitchcock has not yet presented any authorization from the Chief Justice.

GEORGE W. PERKINS
FRANK H. HITCHCOCK

HERE IS SCHEDULE OF G. O. P. BUSINESS ORDER AT CONCLAVE

CHICAGO, June 6.—Programme of the Republican National Convention:

TUESDAY
At 8 p. m.—Caucuses of state delegations to organize and elect national committee; caucuses held in different state headquarters.

WEDNESDAY
At 9:30 a. m.—Doors of Coliseum open for first session National Convention; admission to ticket-holders only.

At 11 a. m.—National Convention called to order, Coliseum; address by temporary chairman, Hon. Warren G. Harding of Ohio.

At 4 p. m.—Meeting of Committee on Resolutions, National Conventions, National Committee rooms, Coliseum Annex; other committees to meet also at this hour.

THURSDAY
At 10 a. m.—Second session National Convention, Coliseum; permanent organization to be effected; perhaps also debate on platform on rules.

FRIDAY
At 10 a. m.—Third session National Convention, Coliseum; intention is to have nominating and seconding speeches at this session.

At 8 p. m.—Possibility that first ballot for Presidential nominee may be taken at evening session.

SATURDAY
At 10 a. m.—Fourth session National Convention, Coliseum, with either first ballot taken or continuation of balloting at Friday evening session.

At 8 p. m.—Continuation of balloting for Presidential nominee by National Convention unless candidate be named before this hour.

Yesterday at 9 a. m. the National Committee met and the distribution of convention tickets began.

BROOKLYN YOUTH IS INTERNED BY BRITAIN FOR PLOT ACTIVITY
WASHINGTON, June 6.—John J. Killgallen, 19, a Brooklyn boy who was held in connection with the Irish rebellion, has been interned under the Defense of the Realm act, according to State Department dispatches today.

AGREE TO FORM ONE DISTRICT TO CONSTRUCT WEST DIKE

Project Contingent On Promise of Supervisors to Accept Levee As Road

At a meeting of the Anaheim Board of Trade last night, an agreement was reached by the Anaheim and Garden Grove river protectionists to form one protection district and to build a levee along the west bank of the Santa Ana river from Yorba to the north line of the Newbert Protection District.

That agreement is based upon the reported promise of members of the Board of Supervisors that after the levee is completed the Board of Supervisors will accept the levee as a county road. The Newbert district expects to have its west levee accepted as a county road.

That means that the county can then expend money legally in keeping up the west levee from Yorba to the sea.

Last Wednesday afternoon about seventy-five representatives of the Newbert Protection District and of the proposed Anaheim and Garden Grove districts met with the Board of Supervisors to discuss the situation that had developed. Under the plan that had developed, the two proposed districts were left a three-mile gap without any district to look after it. Overflow from this district would come down upon the Newbert district. The supervisors said they would not accept the plans for the two new districts unless some provision was made for diking the gap.

Entire West Bank
The proposal was made that the districts get together and care for the entire west bank, provided that after the levee is built it be accepted by the county as a county road. The purpose in getting the strip accepted as a county road is probably not primarily to get a road, but to put the river question into such a shape that the county can legally spend money in the levee protection work.

At the meeting called by the Anaheim Board of Trade last night, Charles Eysenbrod, who has been one of the most active men in the long hard drill that has been going on for river protection, recommended that one big district be formed west of the river, the entire levee be built to the Newbert district.

Boundary Lines
Among the Garden Grove men who endorsed the plan were H. A. Lake, Menter, John Mitchell, and Mauerhan. The question as to how much territory west of the river should be taken into the new district was left to Engineer Steward. It is proposed, however, to take in as much territory as it is possible to take in and still preserve the district from disintegration through internal opposition. Today Steward and Engineer H. Clay Kellogg of the Newbert district are west of the river making calculations upon the district boundaries.

It is understood that the Newbert district directors are strongly favorable to having its west bank accepted as a county road.

Supervisor Jasper Leek of Tustin is understood as opposed to accepting any of the levees as county roads.

The matter will be up for discussion before the supervisors tomorrow afternoon at 2 o'clock, at which time the result of the Anaheim meeting of last night and of the conclusions of the engineers today will be announced to the supervisors.

CHINA PRESIDENT DEAD, OFFICIAL REPORT SAYS

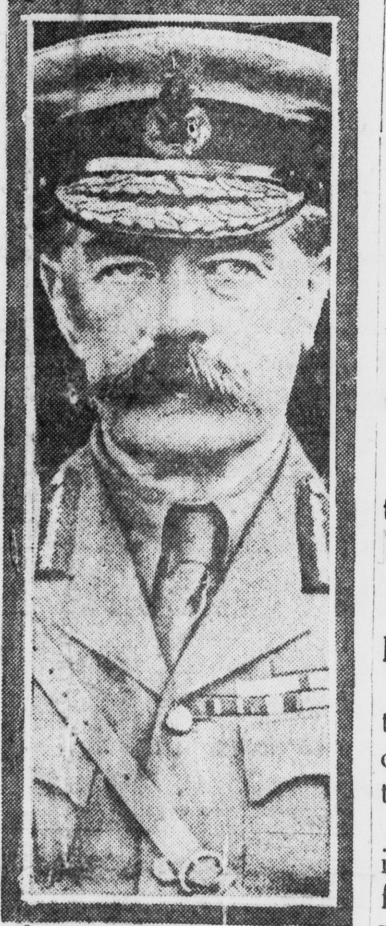

WASHINGTON, June 6.—Official reports received here today stated that Yuan Shi Kai, president of China, was dead.

A dispatch from Shanghai, via London, was received, stating that Yuan died yesterday.

An unofficial message from Tokio also stated that President Yuan had died.

Forecast In S. F.
SAN FRANCISCO, June 6.—Japanese newspapers have recently received printed unofficial rumors from China to the effect that Yuan Shi Kai was a poison victim. Local revolutionists celebrated when the death report came.

THIS is a photograph of Lord Kitchener, military idol of England, who, with his entire staff, lost his life when the cruiser Hampshire was sunk north of Scotland. Official announcement of the disaster was made today in London. The tragedy is one of the severest blows suffered by Britain.

KITCHENER'S LIFE FILLED WITH GREAT MILITARY SUCCESS

KITCHENER OF KHARTUM. First Viscount, Horatio Herbert Kitchener was born at Crofter House, Ballyford, County Kerry, on June 24, 1850. He was the son of the late Lieutenant-Colonel H. H. Kitchener. His mother before marriage was Miss Chevalier of Aspell Hall, Suffolk.

Kitchener was educated at the Royal Military Academy, Woolwich. He entered the Royal Engineers in 1871 and was made a major general in 1896.

He took part in the Palestine Survey from 1874 to 1878, and commanded the Egyptian Cavalry in 1882 to 1884. In the Nile Expedition in 1884 to 1885 he won high military honors as he did also on the Sudan Frontier, in 1889.

Kitchener served as an Adjutant General in the Egyptian Army from 1889 to 1892.

Kitchener commanded the Khartum Expedition in 1898, his services in the campaign making for him the title of Kitchener of Khartum. His bravery in the Khartum Expedition won for him the thanks of Parliament. He was also raised to the peerage, with a grant of £30,000.

He was made chief of staff of the forces in South Africa, serving in that capacity from 1899 to 1900. He was promoted to the rank of Lieutenant General and General and received, with the Viscounty, a grant of £50,000, and the thanks of parliament.

He was commander-in-chief of India from 1902 to 1909.

Kitchener was England's foremost soldier, following the death of Lord Roberts.

At the beginning of the present war Kitchener was made minister of war, which position he held until his death. He was responsible for the defense of England in case of invasion.

Ship Hampshire Had 655 Aboard When Destroyed

NEW YORK, June 6.—The Hampshire was a British cruiser of the Argyle type. There were 655 officers and men aboard.

The cruiser was 450 feet long and had a tonnage of 10,450.

There was no mention in cable dispatches or wireless messages of the Hampshire having participated in the Jutland battle.

HILL LEFT NO WILL
ST. PAUL, June 6.—James J. Hill left no will. His son, Louis W. Hill, will be the administrator of the huge estate, which is valued at more than \$10,000,000.

BRITAIN PLUNGED INTO GLOOM AS WAR IDOL AND STAFF SINK TO DEATH ON SHIP DESTROYED EN ROUTE TO RUSSIA

LONDON, June 6.—Everywhere throughout the British empire Britons today mourned the loss of Lord Kitchener, his staff, and the crew of the cruiser Hampshire, torpedoed or mined off the Orkney islands at 8 o'clock last night.

The admiralty stated that searching parties that had been sent out in boats and along the coast had found only bodies and a capsized boat. There is still a faint hope that possibly some might have reached shore and proceeded inland in search of aid. On account of the high seas, this is considered not likely.

The admiralty did not encourage hope of any survivors being found.

The admiralty states that the Hampshire was en route to Russia where Kitchener was to have a conference with Petrograd officials.

The Hampshire was in command of Captain Herbert Savill.

The report of the loss was telegraphed the admiralty by Admiral Jellicoe.

Kitchener's party was composed of Lieutenant Colonel Fitzgerald, Brigadier General Eller Shaw, Sir Frederick Donaldson, and H. J. Osborne.

Surprise was expressed that a cruiser bearing the war minister could have been destroyed by a torpedo or a mine. Probably that question and whether the cruiser had an escort or whether she was provided with any protection against submarines will be put direct to the government.

Many comments were heard among the crowd about the war office. Many said that it was lucky that the disaster did not happen before conscription became effective and referred to the great power that Kitchener's name had to stimulate voluntary service.

Death of Khartum Hero Not to Shake British War Aid

BY J. W. T. MASON
(Written for the United Press.)

NEW YORK, June 6.—The death of Lord Kitchener will have a depressing effect on the United Kingdom, because of his services early in the war, but his death will not cause a breakdown of Britain's part in the management of the allies' campaign.

In the past year Kitchener's responsibilities have been gradually curtailed, until, at the time of his death, he had but little control of the strategy of the war.

Kitchener was almost exclusively engaged in organization. The Empire owes him a great debt. When the war began Britain was very short of officers. Kitchener took upon his shoulders the burden of dictating the British strategy, as well as organizing the Empire's volunteer army.

Kitchener had no faults as a minister of war and his genius of organization was of immense service to his country. When an effort was made to combine his responsibilities as war minister with the work of the general staff, the result showed that the labors required were beyond the limit of human endurance.

Kitchener was one of the great characters of the war. The British affection for him was unique. The popular trust in him was based on the fact that he personified to the British people all the tenacity and bulldog stubbornness of their race.

3 KILLED, 4 HURT AS TRAIN CRASHES INTO AUTO AT CANTON, O.

CANTON, O., June 6.—Three were killed and four injured when a train crashed into an automobile here today.

HOUSE ADOPTS LAND RECLAMATION REPORT

WASHINGTON, June 6.—The House has adopted a conference report on the bill to reclaim and sell \$30,000,000 worth of land granted to the Oregon & California railroad. It was adopted last week by the Senate.

GERMANY DEMANDING TIRPITZ AGAIN HEAD KAISER'S NAVY FORCE

LONDON, June 6.—Dispatches from The Hague today say that since the Jutland naval battle there is a growing demand that Admiral Von Tirpitz be restored to the command of the German navy. It is said that the conservatives and liberals are heading the movement. Dissatisfaction over the result of the sea fight is said to be the cause for the demand.

The news of England's greatest personal loss since the war began stunned London, already hardened by shocks, when the following bulletin was issued:

"The admiralty reports with deep regret that the ship Hampshire, with Lord Kitchener and his staff aboard, was sunk last night at about 8 o'clock off the Orkney Islands, by a mine or torpedo.

"Four boats were seen by observers to leave the ship. Heavy seas were running, but patrol vessels and destroyers at once proceeded to the scene.

"The whole shore is being searched but it is greatly feared that there is but little hope of there being any survivors.

"No report has yet been received from any of the searching parties."

BY ED. L. KEEN
(United Press Staff Correspondent.)

LONDON, June 6.—Public consternation and amazement followed the announcement that Lord Kitchener and his staff had been sent to death by a mine or torpedo.

Crowds gathered at Whitehall, seeking details. The flag at the war office was at half mast and the blinds of the office were drawn.

The crowd received no further information and the manner of the officials clearly indicated that no hope was held that Kitchener might have escaped.

AUSTRIANS SEIZE ITALIAN LANDS, ROME ADMITS

LONDON, June 6.—A great drive by the Czar's armies against the Austrians from Pruth to Koli today is believed to be under way. The plans are to hit with equal vigor all along the line. The attack has been in preliminary preparation all winter. With huge quantities of ammunition, an intense bombardment by the Slavs during the last few days has been made, the Austrians admit.

The Russians are attacking heavily, and many prisoners and supplies have been captured.

ROME, June 6.—It was today officially admitted that Congio territory was lost to the Austrians in their offensive on June 3.

PARIS, June 6.—The German bombardment of Vaux is raging with unprecedented fury, according to the official communique today. The infantry of the Crown Prince is being slaughtered, the statement says.

1700 TENTS PITCHED AT PLATTSBURG CAMP

PLATTSBURG, N. Y., June 6.—Every state in the Union is represented among the 1700 men who have arrived at the first Plattsburg camp of military instruction, which opened here yesterday. After receiving their uniforms and being assigned to companies the men were set at work arranging their tents.

Captain Halstead Dorey of Major General Wood's staff, commander of last summer's camp, has arrived, and Major General Wood was expected today.

WILSON APPROVES BIG ERICSSON MONUMENT
WASHINGTON, June 6.—President Wilson has approved a movement to have Congress appropriate \$100,000 for a monument to John Ericsson, the inventor of the monitor.

BULLETIN

MARATHON, Tex., June 6.—Ten American soldiers were killed and nine wounded in a battle with raiders near Glenn Springs, Texas, it is today reported.

AT THE COURTHOUSE

TOLER SAYS HE IS A BIGAMIST HE ASKS FOR PROBATION

Temple Theater Rent Case Decided In Favor of Defendant, Schlesinger

This morning S. W. Toler told Probation Officer Scott that he has a wife and two children in Atlanta, Ga. in Fresno two years ago he was married to the wife, who, with their baby, is in Santa Ana.

Yesterday afternoon Toler pleaded guilty to passing a worthless check. He has asked Judge Thomas for probation.

Toler's statement made to Probation Officer Scott comes as a surprise to many Santa Anans who have known Toler and his young wife since they came to Santa Ana several months ago. Toler as a representative of the Patterson Ranch Company of Oxnard.

Toler got into difficulties here through drink. Recently he was arrested on a charge of giving Thomas Lambros a \$5 check that proved to be worthless. It is stated that that check was one of several equally as worthless given by Toler.

Yesterday afternoon Toler's preliminary examination in Justice Cox's court on the charge of passing a no-fund check was quickly over with, and at the request of Attorney W. E. Ferguson of Los Angeles, formerly of Santa Ana, the case was taken at once into the superior court. There Toler pleaded guilty to the charge. Attorney Ferguson declared that Toler ought to be given probation because Mrs. Toler and her little baby needed his help. Ferguson said he felt sure Toler would make good if given a chance. Booze was credited by Ferguson with being the cause of Toler's downfall.

Judge Thomas continued the hearing to June 15, with instructions that a list of character witnesses asked by Toler be sent for.

It was when the probation officer was making out the list of witnesses for Toler that the questioning by Scott began. Toler said that he was married to a woman who is now in Atlanta, Ga., with their two children. Toler said he had never been divorced from that wife. After leaving his family, he went to South America. He came to California and lived for a time at Fresno, where, about two years ago he married the wife who is here.

Marriage Licenses

On June 5—George R. Coombs, 23, Los Angeles, and Jessie A. Patterson, 22, Sawtelle; Lawrence C. Cowles, 34, Denver, and Margaret J. Jay, 46, Detroit, Mich.; Joseph A. Wilson, 24, of Three Forks, Mont., and Bessie G. Miller, 25, of Spencer, Ia.

Schlesinger Wins

Judge Thomas today rendered judgment in the action brought by Martha S. Vaughan against L. A. Schlesinger for \$800 rent alleged to be due for the use of the Temple Theater when Schlesinger was occupying it. Schlesinger, represented by Attorney S. M. Davis, testified that he had an agreement with L. O. Vaughan, husband of the owner of the Temple, under which Schlesinger was not to pay rent unless the theater made money. Schlesinger said that while he had the Temple it ran behind.

In his answer Schlesinger asked for damages because personal property left by him at the Temple had been used.

Judgment of court was that the plaintiff take nothing from the defendant, and that the defendant take nothing from the plaintiff as money judgment.

Estate Appraised

J. N. Anderson, J. S. Smart and E. L. Madden have reported that they appraised the estate of D. E. Prall, who died here recently, at \$111,004.10. Of the total, \$60,000 is stock in the D. D. D. Company, \$7500 in the Santa Ana Wholesale Grocery Company and \$4500 in the White Cross Drug Company.

Final Divorce Decree

A final decree of divorce has been granted Alma Richards against Harrison Richards. H. C. Head was attorney for the plaintiff.

Foreclosure Case

Louise Miesner was given a foreclosure judgment of \$500 against Miller Brooks. Land at Newport Beach is involved.

IN THE JUSTICE COURT

NEIGHBORS' QUARREL IS BROUGHT TO COURT

Balboa Island isn't big enough for the Howard and Nyland families. A wheelbarrow got mixed up in their differences, and today Henry Nyland swore to a complaint against Lilly Howard because the words she used when she told him to leave that wheelbarrow alone disturbed his peace. He said that in a forceful manner she designated to him her intention of getting a shotgun and blowing his brains out.

Derkum Gets Bail

Yesterday afternoon John Derkum secured \$500 bond for his appearance in court upon a charge of grand larceny. He is accused of stealing nets, anchors, buoys and ropes from J. J. Thorpe.

TRIPPED AS HE LEFT STAGE, FALLS, HURT

LA HABRA, June 6.—Catching his heel on the step of a stage when he endeavored to swing off as he was moving, Ambrose Hunt, 21, an employee of the Roeding and Wood Nursery Company between Brea and La Habra, received a concussion of the brain when he fell to the sidewalk, striking his forehead, Sunday afternoon. He was removed to his home. The physician said Hunt's injuries were not fatal. The accident happened as the stage drew into La Habra.

LICENSED TO WED

Marriage licenses were issued in Los Angeles yesterday to Edward E. Stricker, 25, of Santa Ana, and Lila Shell, 19, of Cadiz; Charles C. Wilson, 21, of Orange, and Eleanor R. M. Wilson, 21, of Ontario, Can.; Orrin N. Clark, 25, of Santa Ana, and Gertrude E. Matthies, 21, of Los Angeles.

CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, inclose with 5c and mail it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for bronchial coughs, colds and croup; Foley Kidney Pills, for lame back, weak kidneys, rheumatism, bladder troubles, and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.—Rowley Drug Co.—Advertisement.

SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should. For after a strenuous day when your muscles have been exercised to the limit, an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morning. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp without Sloan's Liniment," writes one vacationist. "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Don't fail to read Chandler's announcement of their June Clearance Sale in today's paper. Sale starts tomorrow.

Santa Ana, Cal.

P. E. TO GET CURVE, SWITCH ON MAIN

BY COMPROMISE RAILWAY WILL PAVE, BETTER ITS TRACKS

Long Controversy Over Franchises Is At An End—Crookshank Mediator

Sidetrack Will Be On S. P. Reservation Between Bush and Twentieth

The Pacific Electric and the City Trustees have reached an agreement that means an end to a controversy that has lasted for over two years. With A. J. Crookshank acting as mediator, a clear understanding has been reached by which the Pacific Electric will get the two franchises that it seeks, one for the curve that will allow it to route through cars to Orange and one for the switch off of North Main street so that freight cars from Orange can be switched on to the Southern Pacific tracks.

That understanding has a definite promise in writing from Paul Shoup, president of the P. E., that the paving on East Fourth will be done, and that the tracks will be put into better shape here.

The matter was up before the City Trustees last night. The final adjustment has been under negotiation for about ten days, commencing with the recent visit of Paul Shoup and other P. E. officials to Santa Ana and Orange. At that time city officials and the P. E. men invited A. J. Crookshank, president of the First National Bank, to carry on the negotiations.

That there were more than three of the trustees committed to the plan of compromise was clearly indicated from the moment that the matter first came up last night, and further inquiry after the meeting demonstrated that the franchise will go through with at least four votes out of five.

There is no question but that the controversy is at an end, and that the curve and the switch will be given as quickly as the franchises can be put through.

What the P. E. Gets

The P. E. will get two franchises. One will be for a curve off of West Fourth street north on to North Main street, so that Los Angeles to Orange cars can turn the corner and go to Orange without backing and without making any changes in the tracks in that vicinity.

The spur off of the P. E. on North Main will start from the P. E. tracks just north of the S. P. crossing, and will curve to the east, paralleling the S. P. tracks on the north side of the S. P., on the S. P. reservation, across Santa Clara and across Bush street. The switch will start at a point 100 feet southeast of Bush street on the S. P. reservation, and will extend about 1000 feet almost to Twentieth street, but ending before Twentieth street is reached. Between Bush and Twentieth there are no streets crossing the S. P.

From Main street to the switch the P. E. will build a single track. Between Bush and Twentieth for most of the distance to Twentieth the P. E. will have a single track. A sidetrack, and only one, will be built.

Crookshank's Statement

"As a citizen I volunteered to see what could be done in this controversy," said A. J. Crookshank in bringing the matter before the City Trustees last night. "Mr. Shoup will see that the P. E. paves the strip on East Fourth. Heavier rails will be put in as conditions warrant, some of the heavier rails to go in soon. The P. E. needs better facilities here and at Orange, and it must carry out its promises to Orange to give it through service. The P. E. agrees that it will not stand its cars on the tracks between Main street and 100 feet east of Bush street. If you grant these franchises, I assure you that you will be taking a step that is in the best interests of Santa Ana."

Crookshank said that after a verbal agreement was reached, President Shoup put a statement into writing for him and signed it.

MAIN PROVISIONS OF FRANCHISE AGREEMENT

The Pacific Electric is going to get its curve at the northwest corner of Fourth and Main streets.

The Pacific Electric is going to get a switch off of North Main street on to the S. P. tracks at Santa Clara avenue.

The Pacific Electric is going to pave the unpaved strip on East Fourth street east of the Santa Fe.

The Pacific Electric is going to put its tracks into shape.

The Pacific Electric is going to put heavier rails on the streets, some of them right away and more later.

Shoup's Letter

Los Angeles, Cal., May 31, 1916. Mr. A. J. Crookshank,

Santa Ana, Cal.

My Dear Mr. Crookshank:

Referring to our discussion this morning:

The Pacific Electric Railway Company desires a curved track connection at Fourth and Main streets, Santa Ana, and then for the purpose of handling freight business, a connection at Main street near Santa Clara avenue with the Southern Pacific line, as per map which has been handed you; it being understood in the latter case that cars will not be stood on this connecting track between Main street and a point approximately one hundred feet south of the intersection of this connecting track and Bush street.

So far as the other questions which have been raised are concerned, it is understood that the Pacific Electric will pave, at its expense, the strip in the center of East Fourth street left vacant for its tracks with the nature of paving already agreed upon with the city.

Our assistant chief engineer, Mr. E. C. Johnson, already has up the question of necessary repairs on Fourth street and these will be made in the immediate future, along lines being worked out by him with your city.

I know you will appreciate the conditions under which this company is laboring as to its expenses and fixed charges exceeding its income at this time, and the very large investments that we are continually having to make which are non-productive in nature, such as street paving, track reconstruction, washout damages, and the like. It is our desire, however, to maintain our tracks in Santa Ana in as good shape as we can consistent with these conditions, and I think we will be able to satisfy you as time goes on with reference to any complaints in this direction.

So far as any additional facilities are concerned for handling our traffic in Santa Ana, they of course will, in a very large part, depend upon the growth of the business.

Yours very truly,

PAUL SHOUP.

Are Satisfied

"Mr. Greenleaf and I went over the switch proposition on North Main street very carefully," said Trustee Tubbs, "and we came to the conclusion that there was but one way that the switch could be put in satisfactorily, and that way has been adopted by the P. E. in its plans. I don't see how the switch can damage anyone when put in according to the proposal. In consideration of the agreement entered into by the P. E., I am satisfied. I once before made a motion that I would be willing to grant the concessions if Santa Ana got certain things in return. I now move that we grant the franchises for the curve and for the spur track on North Main street."

This motion was evidently about to go through when it was found advisable to postpone action until a plat of the proposed curve and another of the proposed spur was on file.

Fight a Long One

The fight with the P. E. has been going on for three years. It reached back into the sessions of the preceding council. An attempt was made to get the P. E. to extend its tracks east to the city limits on Fourth street, as the P. E. franchise provided. This was in return for the time East Fourth east of the Santa Fe wanted to pave. The P. E. was held up through the stringency of the conditions put down for crossing the steam roads.

When the P. E. built its electric road extension to Orange, Orange gave about \$12,000 to the railway for a right of way, with the promise that through cars from Los Angeles would go to Orange. The P. E. has always asserted that it could not make the through run without having the curve at the northwest corner of Fourth and Main streets. The P. E. wanted a switching arrangement on North Main at Santa Clara so that freight cars handling freight to and out of Orange could be transferred between the P. E. and S. P. It was generally believed that the greatest interest of the railroads was in this switch as it would give the S. P. a chance to get citrus fruit shipments from Orange to the East.

Deadlock Broken

Various angles to the controversy arose. Santa Ana made out a list of demands upon the P. E., which should be forthcoming in case the franchises were granted. The P. E. declared the demands were prohibitive in cost. A deadlock was reached several months ago, and there the matter stood when recent negotiations were undertaken.

Orange has fought steadily for the curve, and throughout its fight it has received the support of a large number of Santa Anans. During the controversy strong objections were made by North Main street residents against switching and sidetracks. The arrangements made for the switch to be used reduces whatever undesirable features the switching may entail to a minimum.

The P. E. has agreed to run no freight cars on Main street south of Santa Clara avenue. The cars are not to be left standing on the sidetrack any longer than is absolutely necessary. Schedules will be arranged so that cars will be taken away as a rule within an hour after they are left on the sidetrack.

VOLUNTEER FIRE FIGHTERS GET PAY RAISE

Deadlock Results In No Decision on Controversy Over Gus, the Popcorn Man

The volunteer members of the Santa Ana fire department have not been getting much pay, but they have been given a raise. It is not much of a raise, either, but it comes as a recognition of efficiency and faithful service.

At the meeting of the City Trustees last night, J. W. Tubbs said that last year the salary and pay roll of the department last year was \$4420, most of it going to the men paid by the month. The volunteers get \$2 each fire and \$1 for false alarms. They get nothing for drills. On Tubbs' motion it was ordered that the men be allowed \$2 a month for attending drill, and that \$2 be allowed for false alarms. Had this basis of compensation been in effect last year, the cost would have been \$5120 instead of \$4420.

Paving Controversy

The petition to pave East Sixth from Mortimer to Garfield met opposition so far as the block between Lacy and Garfield is concerned, the Spurgeon Realty Company on the one side of the street and the Lutheran church on the other putting up a solid front against the paving at this time. The church representatives said they favored paving on Brown street, on which the church fronts. Expenses had been heavy, and the church does not want to pave Sixth now. The matter was laid over.

An unsigned protest against paving East Third with asphalt was read. The clerk was instructed to pay Supervisor Jasper Leck \$100 for the city's share of improving Edinger street.

An offer from the Pacific Telephone Company to sell seven poles on Ross street at \$2.50 and four on Parton at \$5 for use by the fire alarm system was accepted for what poles are needed.

Peanuts and Popcorn

Gus, the popcorn man, and another Greek, were on hand to make a fight to keep Gus' stand and Spurgeon between Third and Fourth. Manager McKinney of Clune's Theater declared carrying popcorn and peanuts into his theater had become a nuisance. Roehm & Sylvester said they had no objection to Gus having a stand in front of their place.

McPhee and Visel declared the city has no legal right to give permits for any kind of stands in the streets, and that it was not fair to McKinney to allow the stand near his place.

Tubbs said the removal of the stand will not remove the nuisance. Greenleaf and Maryatt voted to deny the petition to remove the popcorn stand, McPhee and Visel no and Tubbs did not vote. The matter will come up again for a decision.

Vroomanize Block

On Tubbs' motion the city attorney was instructed to start Vrooman proceedings on West Fifth between Sycamore and Broadway to get surfacing. McPhee voted no and Greenleaf did not vote.

Vrooman proceedings were ordered started for rock and oil paving on Orange avenue from Chestnut to Bishop. On McPhee's motion, the city marshal was instructed to have several newspaper bulletin boards on streets cleared away.

Seeking Position

J. P. Spaulding applied for appointment as deputy health officer. "I did not know we had decided to have a deputy health officer," said Tubbs. Maryatt moved that Spaulding be appointed at \$25 a month. There was no second. Tubbs moved that the matter go over until after July 1. He said there are several applications for the job.

W. B. Alexander was given permission to take over Frank Fallert's poolroom at 309 East Fourth street. R. W. Peacock and S. P. Faulkner were granted jitney licenses.

The poultry fanciers were given permission to use the council chamber for a meeting June 14.

The street superintendent was given permission to get some additional equipment for repairing of streets with asphalt.

H. T. Rutherford and W. B. Williams for the Chamber of Commerce asked that the advertising fund of \$650.90 be turned over to the Chamber of Commerce. McPhee said the city should retain a part of the fund. On his motion \$400 was given the booster organization.

Bids for thirty-five tons of barley and fifteen tons of alfalfa received were: Barley, \$16.50 a ton, A. L. Kavanaugh; barley, \$17, C. L. Roberts; barley, \$16.50, Oscar Rosenbaum; barley, \$16.75, alfalfa, \$15.75, Nichols, Loomis Company; barley, \$16.50, alfalfa, \$15.50, McPherson & Melton; barley, \$15.50, alfalfa, \$15, at Arlington, A. B. Crane. The bids were referred to Tubbs and Greenleaf for a report.

80 DIE, 1000 ARE HURT IN GIANT ARK. TORNADO

WINNE, Ark., June 6.—Eighty are dead today within a radius of fifty miles and 1000 injured and a million and a half damage done as the result of a sweeping tornado, traveling from southwest to northeast.

LITTLE ROCK, June 6.—Fifty-nine persons are reported killed and more than a hundred injured in a series of tornadoes which swept Arkansas yesterday. All means of communication are crippled, and it is feared the list of dead and injured will be greatly increased by later reports.

At Judsonia, one-third of the town was said to have been swept away. Twenty-five bodies and fifty injured already had been taken from the ruins at 10 o'clock last night, reports said.

The Little Rock dispatcher's office of the Iron Mountain railway received a report that eighteen persons had been killed at Judsonia, White county, and that there are eleven dead at Heber Springs.

A score or more of persons were injured on the outskirts of Little Rock and towns close to the city. Hundreds of buildings were blown down throughout the state.

L. A. POLL BATTLE ON NEW CHARTER RAGING

LOS ANGELES, June 6.—With the indorsement of the Chamber of Commerce, the Municipal League, the Realty Board and many other civic organizations and the hearty support of the club women of the city, the new charter, proposed as the embodiment of the most modern improvements and reforms in the conduct of municipal government, is before the voters of the city today, needing only a majority vote for its adoption.

From the opening of the polls at 6 o'clock this morning until their close at 7 p. m., many of the city's representative citizens were actively engaged "getting out the vote." From the fact that hot campaigns have been carried on, not only on behalf of the charter, but also for the municipal telephone bonds, the Second street tunnel bonds, the new outfall sewer bonds and the projected annexation of the Westgate and Occidental districts, it is generally expected that a record will be established in votes cast at a city special election.

There are fifteen propositions on the ballot, the first being the adoption of the charter as a whole, the next four alternatives to as many sections of the new charter. Any of these alternatives to become a part of the new charter must receive a greater vote than the charter itself.

GREEK PRINCE TO WED RICH AMERICAN WIDOW

LONDON, June 6.—The engagement of Prince Christophoros, a member of the reigning family of Greece, to Mrs. William B. Leeds, widow of the American in plate millionaire, is reported. The prince, who is now in this city, is 28 years old. It is said that the engagement is against the wishes of his family.

There will be a bazaar at Guild hall, Church of the Messiah, tomorrow at 2 p. m. Fancy work, ice cream, cake and cooked food will be on sale.

U. S. OFFICER KILLED

WASHINGTON, June 6.—With the Navy Department admitting the death of Captain Herbert J. Hirschinger of the Marine Corps, killed in landing his men to suppress the Santo Domingo rebellion, it has become known that conditions have reached a serious stage in the black republic. For some reason, which no official will make clear, there has been drawn about Haitian and Dominican affairs the same extraordinary censorship which prevails in Mexican affairs.

The first intimation that Santo Domingo's revolution has reached large proportions came Sunday when the Navy Department announced the transfer of "several hundred marines" from the United States to the island. Hours afterwards came the admission that there had been a forced landing near Puerto Plata on May 21, with several hundred marines from the scout cruiser Salem, with an engagement lasting two hours and with the death of the commanding officer of the marine detachment.

Building for Comfort in Modern Homes

Makes for an extensive use of such new designs and colors as are now shown in

COLONIAL Drapery Fabrics

GOOD TASTE WITH ECONOMY

There is a new joy in bringing to the home such an atmosphere as Colonial Draperies give. In their warmth of color and beauty of design they not only serve their own purpose but radiate a rest-inviting air throughout every room in which they are used. Proof of this is in the contrast between the homes made comfortable and attractive with Colonial Draperies and the homes which are conspicuous for the cheerless, uninviting atmosphere of undraped or poorly draped rooms.

THINK OF IT

Less than one-half of a cent a day. Can you afford to be without this protection at this small cost.

Come in before you go on your vacation or that auto trip and inspect our vaults.

ORANGE COUNTY TRUST and SAVINGS BANK

"A Good Bank to Do Business With."

THE GRINNELL "LEWIS" ELECTRIC WASHER DOES YOUR WASHING FOR ONE CENT AN HOUR

One cent an hour for current for washing and wringing. Sometimes it costs even less. And the Grinnell "Lewis" really washes. It doesn't merely launch the clothes up in a heap. Its backward and forward motion mixes the suds and clothes far more thoroughly than you ever could by hand. The result is a clean, white, sweet-smelling washing. And you don't need to hand-rub a stitch afterward. It can not harm your finest laces; for dasher and walls are perfectly smooth. It's easy to use; just insert the plug into your electric light socket, turn the switch, and there you are. The motor hums merrily and the washing is started. You don't need to touch it until it is ready to wring. Then simply switch the power to the ball-bearing wringer and wring your thickest pieces with perfect ease.

ONE SECRET OF SUCCESS

The career of a man like James J. Hill, whose death has just occurred, offers many suggestions to ambitious young men. Young fellows who long for success might well put into the study of such a life some of the things they give to attending movie shows. Not one in ten million people can be a "Jim" Hill, but the methods by which he became a great business leader can be imitated in a small way by everyone with substantial results.

A moderate degree of success can be achieved without one's possessing any special genius. If he has just average capacity, and will imitate the methods of the captains of industry, he can advance instead of going backward or standing still.

The foundations of Hill's success were laid in years of quiet obscurity, when he was only a stevedore and clerk for a packet company operating on the Mississippi river. During those years of humble work, Hill had a reputation as merely a talker, but he was keeping his eyes open.

He spent his life on the wharves talking with anyone who knew anything about river transportation. In time he came to a thorough comprehension of the actual conditions surrounding these enterprises. When he started in business for himself, he understood in every detail the conditions he had to deal with.

Here is revealed the weakness of many people in the business world. They look for success through sudden turns of fortune, and are too impatient of slow processes of growth. In stead of acquiring the last detail of information about a business as Hill did, they wait for some unexpected stroke of luck to turn up.

The man who wins out in any trade is the man who knows its operations from the ground up. After that he must have organizing capacity, but thorough information is the first secret of success, as a career like Hill's shows.

NEW DESIGNS FOR COINS

It is announced that the United States Treasury will soon issue new designs in place of the present style of dimes, quarters and half dollars. If they are no better specimens than the buffalo nickel, there will be little to be gained by the change.

To most people one design for a coin is as good as another, provided it passes at the grocery store. However, coins do have a real significance. For centuries nations have used them to express their ideas and history, and to commemorate great leaders. A well designed and executed coin is an indication that the people behind it are a nation of high intelligence and development of craftsmanship. Conversely, a poorly designed coin suggests a low development of the arts.

The familiar designs of our present silver coins might strike a typographical expert as very well done. Compared with those issued by European governments, the lettering and figures seem rather coarse and blunt, too heavily shaded and lacking in clear cut definition. The Lincoln cent introduced a few years ago was one example of a finely done coin. The lettering for the words, "One Cent," is peculiarly well rounded, clear and beautiful, and would be hard to improve upon.

The buffalo nickel had at least one well done feature, the Indian head, a vigorous and expressive drawing of this American type, but the lettering was crowded down almost to nothing, and the coin had a rough and bumpy appearance that made it look like some freak advertising medal. Few of them are seen in daily life, and the older design has been almost universally preferred.

Lettering on coins that requires a magnifying glass to read may be called artistic, but it spoils the design. Every letter or figure on the coin should be clear and obvious, so that everyone who examines it can see just what ideas were meant to be conveyed.

A HOME FOR EVERY CHILD

There are two theories of how best to care for dependent and neglected children. The older plan was to gather them in large institutions. The other idea is to place them in individual homes.

A social worker recently moved from New York, which state has highly developed the system of committing such children to large institutions, to another state where the individual home method is used. He said he had always regarded the individual home plan as ideal, yet when he saw how poorly some of these little

WOMEN, BOOSTERS FOR SUFFRAGE, ARRIVE IN L. A. AFTER AUTO TOUR

LOS ANGELES, June 6.—Across 4509 miles of country, facing blizzards and scorching sun in fourteen states, two city-bred women, volunteers in the cause of woman suffrage, have motored across the continent to Los Angeles. Their "Golden Flier," a tiny yellow roadster, arrived at the Stephenson avenue limits of the city yesterday.

They are Mrs. Alice Snitjer Burke and Miss Nell Richardson, envoys of the National American Woman Suffrage Association. They left New York April 6, touching at each corner state and preaching the gospel of full rights for women from the lecture platform.

In the non-suffrage states of the South, through which they came, they so far succeeded against the obstacles of conservatism that everywhere they left women convinced of their right to the ballot. In California they make a different appeal. They say to the enfranchised women, "Come and help us!"

At the gates of Los Angeles they were tendered a cordial reception by fifty prominent suffragists, including Mrs. W. C. Taylor, Councilwoman Mrs. Estelle Lawton Lindley, Mrs. George B. Ellis, Mrs. Force Parker and Miss Bess Munn. Mrs. Lindley extended the city's welcome. Later the two women were presented to the Ebell and Woman's City Clubs.

PROPOSE \$10,000 FOR SAVING OLD MISSIONS

RIVERSIDE, June 6.—A proposal to raise \$10,000 by the enrollment of that many members at \$1 each, to be expended in the preservation of the old missions and other landmarks of California, was one of the important things considered by the Landmarks Club of California which opened a three days' session here yesterday at the Glenwood Mission Inn.

The suggestion was made by Charles F. Lummis, president of the club, who urged that it popularize the work of the organization to do this rather than to take larger subscriptions from fewer members.

Several speakers urged the need of immediate action, saying that fearful devastation was wrought by last winter's storms and that many of the missions should be protected from another season's rains.

Doings In Social and Club Circles

PRESENT DAY CLUB

Closing Session, Held At Gustlin Home, Officers Chosen, Good Program

The members of the Present Day Club were the guests of Mr. and Mrs. C. A. Gustlin last evening at their beautiful home on North Main street. It was the occasion of the closing meeting of the year and Mr. Gustlin, who is the secretary of the club, had kindly prepared a program of music and readings, which made the evening one of the most delightful of the many gatherings of the club.

At a short business session of the club preceding the program a committee on nomination of officers for the ensuing year reported as follows, and the nominees were unanimously elected: For president, Supt. J. A. Cranston; vice-president, Mrs. Rufus S. Chase; secretary-treasurer, Dr. J. N. Bartholomew; executive committee, Rev. Perry F. Schrock, chairman; Mrs. A. J. Lawton, Miss Joella Gowdy, Mr. A. W. Rutan, together with the three officers who are ex-officio members of the committee.

S. M. Davis as chairman of a committee on revision of the constitution and by-laws, presented a new document, which was unanimously adopted.

The first number on the program was a reading by Mrs. John S. Clarkson, of Poe's "The Raven," which was most charmingly rendered. She was accompanied on the piano by Mrs. A. J. Padgham. This was followed by several piano numbers by Mr. Gustlin, rendered in his usual effective and skillful manner. The program was closed by several delightful selections by Mrs. Clarkson, after which light refreshments were served.

Old-Fashioned Party
The P. E. O. Society entertained on Saturday afternoon last at the home of Mrs. Carl Strock on Bush street, each member taking her mother to enjoy the quaint and informal affair. All the guests searched their trunks for old-fashioned costumes and a picturesque effect was thus obtained.

The afternoon hours sped happily away with sewing, card, rags and social chat, and Mrs. Strock served delicious ice cream and all sorts of lovely old-fashioned cakes. About thirty enjoyed the charming function.

LITTLE BARE FEET

Little bare feet of long ago,
Bravely a-wandering and fro
In dusty lanes of so-and-so
Lined with lilac and goldenrod;
Seeking with childhood's airy
zest
Butterflies, flowers and places to
rest—
Where grasses are shaded—after
the quest;
Unaware of the stones beneath
the sod!

Little bare feet—they are now
full grown
And weary of traveling a pathway
of stone—
Walk to and fro in Perversity's
zone,
Seeking soft grasses, bruised,
unshod!
And still for a time they must to
and fro
Until some byway they used to
know
Will open before them and then
they can go—
Led by other little feet—to
God!

Epworth League Picnic

The junior league of the First Methodist church was tendered a very pleasant picnic at Birch Park Saturday afternoon by the members of the senior league, about thirty being present. The committee in charge was Misses Blauer, Rounds and Loomis. The children were kept busy and happy with various merry games and during the afternoon, the president of the league, F. C. Blauer, took a photographer to the scene and a number of pretty group pictures were taken. Before the children left the attractive spot, they were served with ice cream cones.

Young Santa Ana Engaged

The announcement of the engagement of Miss Marian Allen, the daughter of Mr. and Mrs. Stanley Allen of Nordin street, Redlands, to Harry Covington, the son of Mr. and Mrs. P. H. Covington of Santa Ana, was made at a delightful affair given by the mother of the bride-elect recently. They are among the most popular of the younger people of the city. The wedding is to be this month.

TRAVEL CLASS NO. 2

Beautiful New Home of Mrs. J. G. Quick Thown Open For Pleasant Meeting

Travel Club No. 2 of the Ebell met Monday afternoon at the beautiful new home of Mrs. J. G. Quick on East Fourth street, with a good attendance. Roll call was responded to with incidents pertaining to the birthplace of each member. The program committee has arranged a course of study for the coming year, which promises to be most delightful.

Two interesting articles from the Travel magazine were read by Mmes. C. W. Burns and J. E. Liebig. Mrs. Burns' subject was "Lookout Mountain" and Mrs. Liebig read an article on "Forest Fires."

Mrs. Quick, assisted by Mmes. C. W. Burns and S. H. Finley, served appetizing refreshments, after which the charming new home was inspected and complimented.

The closing meeting will be a picnic at the delightful summer home of Mrs. J. E. Liebig at Newport Beach, June 19, where the annual "high jinks" will be celebrated.

JOLLY THEATER PARTY

Members Chatt 'N' Seau Club Entertained At Temple, Refreshments at James'

Miss Mamie Tucker was hostess yesterday evening to the members of the Chatt 'N' Seau Club at a jolly theater party at the Temple Theater, where Theda Bara in the "Galley Slave" was enjoyed.

The merry company then went to James' gold room, where delectable refreshments were served, the table being centered with a cluster of royal pink gladioli, in their stately beauty. The places were marked with cards done in dainty forget-me-nots. With a background of potted ferns, the scene was an effectively pretty one.

Music was furnished by the Edison Diamond disc and some of the party indulged in dancing. Those participating in Miss Tucker's hospitality were Misses Mildred Britton, Esther Fluor, Alice Huntington, Emily Lykke, Helene McNeill, Mena Miller, Edna Meyer, Lucy Stephens and Grace White.

CIVICS CLUB MEETS

Officers Elected At Last Meeting of Year; New School Plan Endorsed

The last regular meeting of the year was held by the Woman's Civics Club at the city hall Saturday afternoon and the following officers were elected for the coming year:

President, Mrs. Gertrude E. Sackman; vice president, Mrs. Minnie M. Wilson; recording secretary, Mrs. Clara R. Cushman; corresponding secretary and treasurer, Mrs. Lillian B. Akin; directors, Mmes. Sarah A. Uttley and E. L. Morrison.

Prof. J. A. Cranston's views in regard to segregating the boys and girls in city schools was unanimously endorsed by the club.

City Attorney G. H. Scott gave an interesting talk on Assembly Bill No. 1283, answering all questions and giving many helpful suggestions, which were greatly appreciated by all members present.

Committees were appointed to report all unsightly, unsanitary conditions to the city council and health officer during the vacation months.

Orpheus Concert Trio Tonight

The Epworth League of the First Methodist church promises a very delightful concert tonight by the Orpheus Concert Trio, which will give a program of popular and heart-melting, readings, and instrumental numbers on various instruments. A silver offering will be taken at the church door.

J. F. F. Club

The first meeting of the J. F. F. Club was held at the home of Miss Gwendolyn Hoyle Saturday evening. Music, singing and dancing were enjoyed the first part of the evening, then officers were elected as follows: Mary Smith, president; Bernice Boyd, vice-president; Gwendolyn Hoyle,

TALK OF THIBET

First Travel Club of Ebell Plans For Picnic to Orange County Park

A very pleasant meeting of the First Section of the Ebell Travelers was held yesterday afternoon at the home of Mrs. Linn L. Shaw on West Fifth street.

An interesting article on Thibet from the National Geographic Magazine, was read and enjoyed and plans for a picnic supper in Orange County Park, June 27, were made.

Mrs. Shaw served delectable refreshments to the members present, including Mmes. A. W. Ames, H. R. Bristol, L. J. Carden, J. L. Dryer, J. J. Roper, Stephen Ross, W. M. Smart, T. E. Stephenson, E. B. Smith, I. W. Van Cleave, W. L. Tubbs and Miss Mary Celler of Los Angeles.

Unitarian Social

The ladies of the Unitarian church will have a social meeting tomorrow afternoon at the home of Mrs. Brace, 1412 West Second street. Leave car at Hesperian street.

Episcopal Bazaar

The Woman's Guild of the Church of the Messiah will have a bazaar tomorrow at their hall in the church, to which all are invited.

Daughters of Veterans' Social

The Daughters of Veterans will hold their monthly social Wednesday afternoon with Mrs. Blanche Darling, 525 South Broadway.

All-Day Meeting

The Ladies' Aid of the Congregational church will hold its last all-day meeting for the year at the church tomorrow. Officers for the coming term will be selected. The men are especially invited to the bounteous dinner served at noon.

Piano Pupils' Recital

Piano pupils of Miss Virginia Johnston will give a recital Wednesday, June 7, at 4 o'clock at the home of Elizabeth Beall, 823 East First street. The program will be given by the following: Nellie Irvine, Helen Kellogg, Rose Kellogg, Helen Allen, Mirrie Wilson, Mildred Ranney, Jewel Blankenship, Lillian Thompson, Helen Blakey, Gladys Blanchard, Elizabeth Beall, Harold Kellogg, Frank Kellogg, Philip Taylor.

SUFFERED STROKE PARALYSIS. L. F. Crawford suffered a stroke of paralysis early this afternoon, affecting his right side. Mr. Crawford is more than 90 years of age and lives with his granddaughter, Mrs. Herbert Allen, 730 Garfield street. Many will remember Mr. Crawford as the "homing man," as he sold this delicacy for years here.

Dr. Jacobs, Santa Ana Painless Dentist, 102½ East Fourth. Phone 253.

AMUSEMENTS

At the West End

Can you imagine John Barrymore in the crow's nest of a steamship, quaking with fear lest the crew and the authorities drag him down to the deck and clap him in irons? Can you picture him shivering in terror while the Russian secret police search for a Nihilist whom he has smuggled into their country on the pretext that she is his wife? Then imagine his feelings when the alleged wife of his bosom attempts to assassinate the Czar! His head swims with visions of Siberia and he already feels the biting toes and numbing hands of the Russian secret police.

But these are not all the terrifying adventures which the celebrated comedian experiences in the Famous Players Film Company's Paramount picture, "The Red Widow," the adaptation of the great comedy success by Channing Pollock and Renold Wolf, which is the feature attraction at the West End Theater tonight and tomorrow.

SANTA ANA SECRETARY

Chloride Herald: The recent purchase of the Towne mine by Pasadena millionaires directs public attention to the old Bay State property, which adjoins the Towne and which is an extension of that rich property. In fact, the ledges of the Towne and Bay State are so closely interwoven that the estates should be under one control. Had the locations of these properties been made at this late date the locator would never have stopped until he had acquired the acreage of both properties.

The Bay State is controlled at the present time by private capital, with L. Landreth, president; J. T. Garrison, vice-president, both of Whittier, Cal., and J. Edmond Snow, secretary, from Santa Ana.

"FAKE REMEDIES" ADVERTISED

No doubt some of the medicines advertised are fakes, but these never have any lasting success. They stand in striking contrast to the good old standard, dependable remedies, like Lydia E. Pinkham's Vegetable Compound, which has stood the test of time and for more than forty years has been alleviating the sufferings of womankind. Such medicines are a blessing to the community and will continue their good work from one generation to another.—Advertisement.

NOTICE TO THE PUBLIC

All parties having claims against said store are requested to file same with the First National Bank, R. R. RAYMOND.

INDIANA MAN'S EXPERIENCE

—Frank Moseley, Moore's Hill, Ind., writes: "I was troubled with almost constant pains in my sides and back and attributed it to weakening of my kidneys. I got a package of Foley's Kidney Pills. Great relief was apparent after the first dose and in 48 hours all pain left me." If you have rheumatism, backache, swollen, aching joints or stiff, painful muscles, why not try Foley's Kidney Pills? They stop sleep-disturbing bladder ailments, too. Rowley Drug Co.—Advertisement.

COUNTY'S SAFE IS HERE

The new safe, recently ordered by the county for the use of the treasurer, arrived here this afternoon and is being installed. It may be ten days or two weeks before the county money is called in.

Tomorrow evening—opening of C. E. Holmes Pool Hall in new building at 316 East Fourth. Tables free from 6 to 12 o'clock. Your patronage will be appreciated.

CUPID IN L. A. SETS NEW LICENSE MARK

LOS ANGELES, June 6.—Yesterday was a record-breaker for marriage licenses.

During the day more than sixty licenses were issued, which is the largest number for any day in the last two years.

"The big rush today only carries out the prediction that I made at the first of the month that this June would be the biggest in years," said "Cupid" R. S. Sparks yesterday. "There is a special feeling of prosperity now than there has been since the war broke out, and for that reason I expect to see a larger number of June brides this year than we have had for years."

See announcement of Chandler's June Clearance Sale of furniture, rugs, etc., in this issue.

RUTHERFORD IS HOME WITH BIG FISH STORIES

Henry Rutherford, cashier of the Orange County Savings & Trust Bank, is back from Medford, Ore., and the fish tales he tells are not slow. Henry can give first hand information to sports interested in a location where game of every kind abounds in abundance. Mrs. Rutherford has been visiting with Mrs. T. E. Daniels for two or three months, and Mr. Rutherford went to Medford two weeks ago to accompany his wife home.

Mr. and Mrs. Rutherford and Mr. and Mrs. Daniels passed a week on Rogue river, near Crater Lake, stopping at a hotel conducted by Jim Grieve, a jolly landlord and a true sportsman. The party caught all kinds of trout of practically every variety excepting salmon, many of the catch weighing as much as four pounds. Deer were seen every morning. Mr. Rutherford gained seven pounds in one week, while Mrs. Rutherford returns in the very best of health. Both had a delightful time.

MUST HURRY FOR ENLISTMENT TO MILITARY CAMP

Orange county residents who want to attend the military training camp for business and professional men to be held at Monterey July 10 to August 5, should make their application at once. A. S. Ralph, local recruiting officer, is now in position to receive applications. Edwin D. Kiehl, of Los Angeles, secretary of the civil enrollment committee for Southern California, was here yesterday and supplied Mr. Ralph with the regular forms. There is no set date for the expiration of the time for enlistment, but there is a limit to the number who may go. This is 3000, and from indications at present, it will be but a short time before enlistments will close. About 1500 have already made application and it is understood that 700 Berkeley students will enlist. This will leave only 800 more enlistments to be secured to complete the full number.

Mr. Ralph states that a great deal of interest has been manifested by Orange county residents, and he expects to receive a large number of applications.

O. H. Burke is one of the most enthusiastic of local residents, and while he is a little over the age limit, he maintains that he is more active than half the "kids." He will be permitted to enlist.

Mr. Ralph is secretary of the Orange County Automobile Club, and his headquarters are at 1114 East Fourth street. Lieutenant Ford of Company L is assistant secretary of the club. One or the other of these gentlemen will be at the office throughout the day, and those wishing to avail themselves of the opportunity of a splendid vacation, mixed with a little work, along preparedness lines should get busy at once and file their applications, as orders may be received at any time not to accept more enlistments.

Plans for the Camp
The civil enrollment committee of the U. S. Army military training camp has issued the following statement concerning the project:

California is going to see the largest military camp thrown up within her borders since the Spanish-American war, eighteen years ago, when the tent city at Monterey, to be known as the United States Army Military Training Camp for Business and Professional Men, springs into being on July 10.

It will be a camp embracing 400 acres, sixty of which will be covered with big pyramidal tents, each tent sheltering six men, although its capacity is much greater than that. There will be about 3000 civilians camping there, it is expected, and not less than 650 soldiers of the regular army and 100 officers will be tenting on the same ground as an instruction force for the patriotic Californians who are studying military science and tactics so that, if the United States ever is invaded, they may be fit to accept commissions as officers in a volunteer army.

All classes of men will be represented in that tent field—bankers, lawyers, doctors, college professors, clergymen, college and university undergraduates, farmers, mechanics, electricians, clerks and office men, publishers—men of almost three score professions, businesses and trades—will drill side by side.

These men are going to Monterey as the guests of the United States. The War Department is going to pay their way to and from camp; pay for their meals and furnish them uniforms and all necessary equipment.

All American citizens of sound physical condition, of good character, between 18 and 50 years of age and of at least high school education or business experience equivalent to such, are eligible to join the camp, which, beginning with the 10th of next month, lasts until August 5th.

The men are going to be given hard, intensive military training for several hours a day. The social and vacation end of the camp will not be neglected, however. The camp ground is near the Del Monte Hotel and within five minutes' walk of the bay. Bathing, boating, polo, tennis, golf, horseback riding and many other forms of outdoor amusement will be open to the civilians and while military work will, of course, come first, there will be plenty of fun attached to the camp life.

A HACKING COUGH WEAKENS THE SYSTEM

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery. In use over 40 years, and benefiting all who use it, the soothing pine balsam with tar heal the irritated air passages—soothe the raw spots, loosen the mucous and prevent hacking the body with coughing. Dr. King's New Discovery induces natural sleep and aids nature to cure you.

RETIRE AFTER SERVICE FOR TWENTY-SIX YEARS

Faithful and efficient for twenty-six years in the Santa Ana schools, Miss Blanche Collings, retires from active school life, and goes on the pension list so generously provided by the Legislature of this state as a reward to instructors who have devoted the best part of their life to teaching Young America in this state. She has taught for thirty years, all but four of which have been in the schools of this city. She is the third to be retired from the Santa Ana schools. Miss Mary Hamaker completed her thirty years two years ago. Prof. J. V. Zeilian retired last year. His service in the Santa Ana schools, however, was only for four or five years, he having taught in Tustin for a number of years.

Miss Collings' resignation was accepted at the meeting of the Board of Education last night. Other resignations accepted were those of Misses Florence Eselburn, Josephine McCrory and B. E. Beswick. Miss McCrory has accepted an appointment in the high school in her home city, Quincy, Ill., and Prof. Beswick has been elected principal of the Tustin schools.

The board last night authorized the insertion of a new clause in the contract made with teachers. Heretofore the contract has been for the full term with no provision whereby a teacher might be released, either by request of the teacher or the board. The new clause provides that the contract may be terminated by a thirty-days' notice from either party. This gives the teacher opportunity to be released from the contract if a better position is offered and accepted, and places the board in position to discontinue the services of a teacher who is not giving satisfaction.

Change in Meeting Nights

The regular meeting night of the board was changed from the second and fourth Mondays to the second and fourth Tuesdays. The change was made to accommodate J. L. McBride, who is captain of Company L, which meets on Monday nights.

Request Change of Toilets

J. A. Turner and Dr. Dobson appeared before the board with a petition asking that the outside toilets at Washington school be removed and placed somewhere inside. The petition was referred to the buildings and grounds committee to investigate and report at the next meeting.

Will Attend Picnic

An invitation to the members of the board and their families to attend a picnic to be given at Orange County Park next Thursday night by the Parent-Teacher Federation was accepted, with thanks.

Must Pass Examination

The board passed a resolution requiring assistant kindergarten teachers to pass an examination in music. Prof. Garstang and Miss Ely were named as an examining committee.

Ask Physical Training

A committee from the High School Parent-Teacher Association appeared before the board and requested to provide an instructor in physical training for the high school boys. The request was taken under consideration.

Teachers Elected

Teachers for the coming term were elected. They will be assigned later.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive, white powder and almost tasteless.

NOTICE

On April 1 we will be compelled to advance coffee TEMPORARILY as follows:

Good coffee, 21c; guaranteed as good as 30c or 35c.
Best 25c coffee, guaranteed as good as 40c or 55c.

TWO ERRORS IN LAGUNA BEACH EDITION LAST FRIDAY

Last Friday's special Laguna Beach issue stated Mr. Humphries was owner and manager of the Laguna Beach Lumber Company. W. Verne Whitson, now manager of the company, reports this is an error and that Mr. Joseph R. Jahraus is the owner of the concern.

A typographical error appeared in the advertisement of the Peacock Garage, which stated ten round trip tickets to Laguna Beach via the Peacock automobile stage, could be purchased for \$1.50. It should have read \$7.50.

BOY HIT BY AUTO
FULLERTON, June 6.—Martie Fife, 12 years old, of Brea, was bruised Sunday evening when an automobile driven by Fred Snyder, R. F. D. 1, Fullerton, and young Fife came together at Spadra and Commonwealth avenues, throwing the boy from his wheel. Fife's bicycle was demolished. Attracted by the packing house fire, the boy was riding south on Spadra avenue. Snyder, in his car, was preparing to turn on to Commonwealth avenue when the accident happened.

Don't fail to read Chandler's announcement of their June Clearance Sale in today's paper. Sale starts to-morrow.

Agents for Standard Patterns.

DEPARTMENT STORE SANTA ANA

DESIGNERS FOR JUNE PATTERNS FOR JUNE

New Shipment in Tub Goods With Sport Stripes—White and Pink, White and Blue, White and Green

New 36 inch Silk with wide sport stripes of all desirable colors.

New Taffeta Silk 36 inches wide in plain or changeable effects.

LINEN DEPARTMENT—As is generally known, the linen situation in this country is becoming more and more difficult as shipments from Europe are almost at a standstill. Linens of all kinds, especially table damask, have therefore advanced so rapidly that prices at wholesale have nearly doubled. However, anticipating this condition, we have supplied ourselves ahead and have now on hand a splendid stock of all kinds of linen goods at the old prices and are selling them accordingly as long as the present supply lasts.

Snow white mercerized Table Damask, good quality and full width 50c

Same as above in best quality and wider 75c

Cream Table Damask, full width, good quality 75c

Cream Table Damask, pure linen, extra heavy and fine, 68 to 72 in. wide.. \$1, \$1.25

70-72 in. Bleached Table Damask, pure linen and very fine \$1.25 to \$2.00

Napkins to match all damasks of the better grades, also large assortment of separate Napkins at from \$1.00 to \$5.00 per doz.

Good line of Damask Table Cloths and Napkins to match, also separate linen damask table cloths at Popular Prices.

Fine line of pure Linen Damask Towels, with hemstitched or scalloped edges, at 75c to \$1.00 each

Large assortment Japanese Table Cloths, Napkins and Scarfs; also Toweling.

Good size Table Cloth and Napkins to match \$1.05

Large stock of plain or fancy Huck Toweling for fancy work, linen crashes in gray or white, of every quality.

Dress Linens, 36 inches wide, in gray or white, pure linen goods at 25c, 35c and 50c

SHOES! SHOES!

Men's new fine \$3.50 Goodyear Welt Shoes in different styles and leathers, with Neolin Soles, softer and stronger than leather. Also large new shipment of ladies', misses' and children's staple footwear. Girls' and boys' school shoes all at the old prices.

Packard and other prominent automobile engineers favor motor oils from Western crude. Exposition juries at San Francisco and San Diego gave highest competitive awards to Zerolene—an oil from Western crude. Zerolene is the best oil for your motor because scientifically refined from selected California crude—*asphalt-base*. Government experts tell us that oils correctly refined from asphalt-base crude "distill without decomposition" [do not break up and lose their lubricating value under cylinder heat] and are "much better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils." When you empty the crank-case refill with Zerolene. Dealers everywhere and at service stations and agencies of the Standard Oil Company.

ZEROLENE

the Standard Oil for Motor Cars

HERE is an economy wave over the land. American people are beginning to realize that they are living too fast, beyond their means. It has been the rule that the man with \$20,000 a year as well as the man with \$2,000 a year lives up to every penny of his income. Slowly but surely this order of things is changing. The era of extravagance and waste in business and personal expenses is nearing an end. Efficiency and economy is the order of the day. Bank deposits are growing.

It is up to every one to economize. The best and surest way to do so is to place your surplus in the bank. If you already have a bank account make it a point from today on to increase it. Add to it weekly, daily if possible.

IF YOU HAVEN'T A BANK ACCOUNT DECIDE TO OPEN ONE TODAY.

FULLERTON BOARD SELECTS TEACHERS

FULLERTON, June 6.—The first official meeting of the trustees of the grammar school to elect teachers for the next school year was held in S. N. Fuller's office. The board was called to order by A. H. Sitten, president.

The following teachers were elected for next school year, commencing in September and ending in June, 1917: J. R. Parker, supervising principal; Jean Dorman, special music and drawing; Clara Edgington, Clara Edgington, Clara Owens, Mary Gentry, Irene Wender, Elara Wender, Mildred Kuhn, Nina Kelley, Cicely Hann, Hazel Hillen, Cora Smith, Luella Jennings, Mary Hatfield, Lily Strain, Helen E. Kemp.

A change in manual training, cooking and sewing departments was made by electing Henrietta S. Helm, cooking and sewing, and J. A. Bays for manual training, each three days out of each week.

Marian Peck and Nellie Hann were re-elected to teach next year but resigned.

Why Take A Gambler's Chance with Your Money

Don't you know that almond growing is one of the easiest, quickest, most profitable (if you select the right locality) orchard crops in the state of California? Do you know that according to Government reports, our consumption of nuts is increasing 15 per cent per annum? That 85 per cent of the almonds we consume are imported from Spain, Italy and France? That California produces 98 1/2 per cent of all the almonds produced in the United States? Do you know the almond territory is more limited in area than that of the English Walnut and that Paso Robles Almonds were awarded the Gold Medal and a Bronze Plate for quality at the St. Louis Exposition? Don't you know that the TEMPLETON-PASO ROBLES district is being recognized as the coming almond district of the State? That many, many thousands of trees are being set out in this territory? In fact there is an almond boom here.

Would it interest you to know that young orchards there are producing \$50.00 per acre in their third year?

Let me tell you more about the almond, because you can't get the ALMOND STORY IN A NUT SHELL!

Then there are so many other interesting facts about the Templeton-Paso Robles country that you should know, that I am sure if you drop me a one cent postal with your name and address plainly written the booklet I will send you will give you much valuable information.

Protect
your Buildings
against Fire!

See to it that the roof is as permanent as the foundation, because the roof is just as important.

Put on a roof that cannot burn under any kind of a fire test; that cannot leak, no matter what the climatic conditions; that will keep your buildings cool in summer and warm in winter.

The only roofing that fulfills these requirements is

J-M ASBESTOS ROOFING

Made of Asbestos (trine) fibre and genuine Trinidad Lake Asphalt, it is practically indestructible. It is as permanent as the rock foundation you build on, and defies weather, time, fire, gases, chemical fumes, etc.

No skin coat of paint or gravel surface to wear away. No painting bill or repair bill.

Write or call for Samples and Booklet.

LOS ANGELES PRODUCE MARKET
Cantaloupes are coming into the city now in ever increasing quantities for \$3.25 and \$2.25 a crate respectively.

Changes were a little more numerous in the vegetable list yesterday. Kentucky Wonder beans are stronger at 3 to 5 cents a pound and Telephone peas are bringing the higher quotation of 7 to 9 cents per pound. Tomatoes are easy and there was any amount of fancy stock selling for \$1.00 to \$1.15, with inferior grades bringing as low as 75 cents a crate. Green top celery is lower at 70 to 90 cents a dozen and new crop stuff is now in the market at \$1.65 a dozen. Dry lima beans have moved up to \$6.00 and \$6.25 a hundred and other varieties of dry beans are showing increased firmness.

CURRENT PRICES
[The following market prices on poultry and eggs, fruit and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the business day preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.]

CIVIL WAR BRAVERY WINS MAN PENSION
POMONA, June 6.—For an act of bravery performed more than half a century ago, Harry Clay Davis of this city has just received his material reward in the shape of \$10 per month for the remainder of his life.

Mr. Davis is a veteran of the Civil War. It was during that conflict that he received a badge of honor for the capture of a rebel standard-bearer, together with the latter's flag. Two months ago an act of Congress appropriated an additional \$10 per month to each veteran holding the honor badge.

MAY POSSIBLY CREATE 'CHICKEN MATRON' POST
LOS ANGELES, June 6.—If Supervisor Norton gets his way, the county will have a "Chicken Matron" for Juvenile Hall.

But Supervisor Norton used the word in its strictly technical sense. He means a matron to care for real feathered chickens and not the other kind that frequently find a haven at Juvenile Hall.

It is the idea of the supervisor that Juvenile Hall should have a chicken farm, where the youthful inmates might raise fowls and that a chicken expert should be provided. The board took the matter under advisement.

GIRL'S ARM BROKEN
ORANGE, June 6.—Hazel Mayginn, aged 8, fractured both bones of her right arm yesterday when she fell from a swing at the Lemon street school grounds. The little girl was climbing the iron rods that support the steel swings when she fell. The accident took place at the noon hour.

FLAGS

At SAM STEIN'S, Of Course
210 West Fourth St. Phone 1111. Spurgeon Bldg.

UNDER SHERIFF AND BROTHER JUMP, TRAIN HITS AUTO

flag meant "America first, an undivided allegiance, and a nation united and equal to its tasks," Hiram W. Johnson, governor of California, today said, "It sounds too much like Wilson."

Justice Hughes said, in his speech, that the flag meant that "you cannot be saved by the valor and devotion of your ancestors; that to each generation upon your willingness to sacrifice and endure, as those before you have sacrificed and endured, rests the national hope."

"Given as a prize to those who have the highest standing, it happily enforces the lesson that intelligence and zeal must go together; that discipline must accompany emotion; and that we must ultimately rely upon enlightened opinion."

TAX IMMUNITY RULED FOR LAND EMPIRES

SAN FRANCISCO, June 6.—California's private land empires stand invulnerable against the present tax system of unemployment, a report of the California Immigration and Housing Commission, that has been made public, states.

"California should support many times her present population," the report reads, "but there have been times when it seemed that the state could not support its present limited population."

With the automobile stalled at the edge of Santa Fe tracks on McFadden street this afternoon, Under Sheriff John Iman and his brother, E. F. Iman of Los Angeles, jumped from the automobile just as it was hit by a Santa Fe freight engine going south.

Iman was driving a county automobile. The view at the crossing is obscured, and Iman was almost upon the tracks before he saw the train or heard its whistle. In making a hasty stop and attempting to back, the engine of the automobile was killed.

The two men got clear of the machine before the engine struck the front part of it. One wheel of the automobile was torn off, the axle twisted and the front part of the machine otherwise damaged.

SUFFRAGISTS OPEN CONCLAVE; HAVE PICTURES TAKEN

CHICAGO, June 6.—True to feminine traditions, the National Woman's Suffrage Association opened its first convention today by having its pictures taken. Mrs. Carrie Chapman Catt addressed the convention.

"HUGHES SPEECH TOO MUCH LIKE WILSON"—JOHNSON

CHICAGO, June 6.—Commenting on the speech of Justice Charles E. Hughes, which the justice made yesterday on the lawn of the Cathedral School, Washington, where he was presenting an American flag to the honor graduate and in which he told the young women graduates that the

Annual June Clearance Sale

**SALE COMMENCES
Wednesday, June 7**

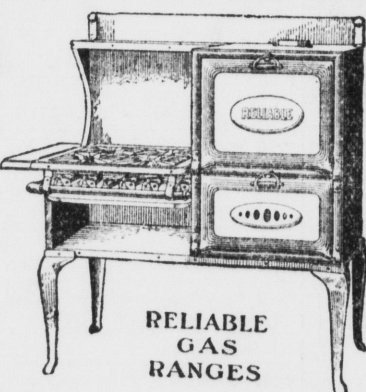

**Furniture, Rugs and Draperies
at Radically Reduced Prices**

**SALE COMMENCES
Wednesday, June 7**

"Reliable" Gas Stoves and Ranges

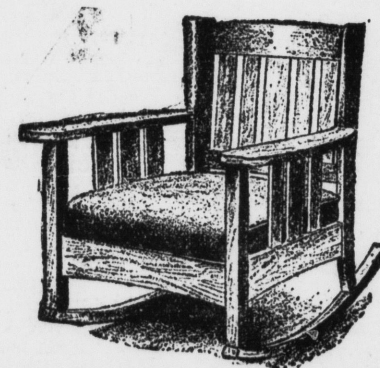

We carry a complete line of this well known and deservedly popular line. Made from the best materials, they are bound to give permanent satisfaction.

We are offering this high oven range as shown in cut for \$28.50. It compares favorably with stoves of much higher price. Good stoves at \$13.25, \$14.50, \$16.50 and on up to \$70.00.

RELIABLE
GAS
RANGES

During this sale we will make prices that will interest all those who may have in contemplation the purchase of anything in the line of furniture, floor coverings or draperies. With the immense stocks bought before the recent advances we are in a position to quote prices that would be impossible for a store carrying a smaller stock of goods. The high quality of our goods is so well known to most people of Orange county that it is scarcely necessary to mention it. Such high class lines as Whittall Rugs, Simmons Brass and Iron Beds, Stickley Chairs and Rockers, Long Beach Dining and Library Tables, and other excellent lines, are too well known for their quality to need any recommendation from us. Whether you need a piece or two or furniture for a house complete you cannot afford to miss this opportunity to save on your purchase.

ROCKERS

The famous Stickley line. Thirty styles to choose from. Settees and chairs to match.

A leather upholstered 12-spring auto-seat Stickley Rocker at \$8.35

Dozens of other Rockers of different makes in natural or stained reed, old ivory, leather overstuffed or plain woods—a very complete line in which quality prevails. Many fine bargains will be offered in the rocker line with prices ranging from \$1.85 to \$32.50.

Big Values In Rugs

Immense assortment of all qualities in all standard sizes. You'll find exclusive designs, patterns and colorings that you cannot duplicate in any other line of rugs.

To close out a dozen different lines in which there are from one to ten rugs we will offer them at

ONE-THIRD OFF THE REGULAR SELLING PRICE.

Good designs in 9x12 Matting Rugs at \$3.35
Room Size Brussels Rugs at \$12.50 up
Grass Rugs in figured patterns \$6.35

Very easy to make a selection from our large and varied stock. Rugs, 9x12 ft. in size from \$3.35, up to \$75.00 for the famous Anglo-Persian, America's finest rug. See our line and save money during this sale.

DRESSERS

Here is one line in which we make a very large display. Almost a hundred patterns made from all the popular woods—walnut, birdseye maple, mahogany, enamel, oak in different finishes, etc.

\$21.00 Birdseye Maple Dresser, now \$16.75

\$24.00 Birdseye Maple Dresser, now \$19.50

\$15.00 Golden Ash Dresser, now \$11.50

\$13.50 White Enamel Dresser, now \$10.75

\$21.50 Quartered Oak Polished Dresser \$16.75

We quote but a few prices. You can save money, however, on any pattern on our floor.

Brass and Iron Beds

The well known and nationally advertised Simmons line of beds have no superiors for quality. We have them as low as \$2.35, but the substantial good looking beds that run from \$5.00 to \$15.00, comprise the greater part of the stock.

The brass beds are very reasonable too—some massive ones in the Simmons guaranteed finish at \$14.50. We are making prices on all kinds of beds that will surely interest you.

Dining Room Tables and Chairs

Perhaps not many people know that over at Long Beach there is a Furniture Factory that makes a quality of goods equal to the best eastern product. Such is the fact and these goods are delivered to us fresh and new in perfect condition—no bruising and rough handling such as eastern goods receive in transportation. Prices on this line are being cut to the limit.

\$15.00 high quality Table for \$12.25

\$24.00 quartered fumed oak, large size Table \$19.50

\$37.50 Jacobean Table, like cut \$32.00

Chairs to match all tables. Over fifty patterns to choose from.

OUR POLICY IS TO CARRY ONLY DEPENDABLE GOODS AND SELL AT A VERY FAIR PRICE AND TO STAND BACK OF EVERYTHING WE SELL—IN OTHER WORDS, YOUR MONEY BACK IF NOT SATISFIED. IT PAYS TO TRADE HERE.

Goods bought during this sale will be stored free for future delivery.
